***Belgotex GRID to be installed in the following directions: Ashlar, Herringbone. Please contact your nearest Belgotex representative for more information.

Product Disclaimer: Product characteristic may vary due to the nature of manufacturing. To combat colour variance do not install more than one dye lot in a single colour tile installation. Where different dye lots and products are mixed and matched then size variations could take place and tiles might need to be altered during installation. If you are installing multiple colours in a random pattern, mixing dye lots together won't be a problem. Sample swatches have been cut from an overall design; therefore, the design and shades may vary. A difference in appearance from the pattern is likely, as the product is not intended to have a uniform appearance. During installation of this product there could be visible tile joins due to texture and design, this is not a manufacturing fault, tiles need to be moved around the in the installation.
